

Powtoon

An online presentation software tool that allows you to create free and professional animated video explainers/messages and presentations as an alternative to PowerPoint

http://www.powtoon.com/

The screenshot shows the Powtoon website homepage. At the top left is the Powtoon logo with the tagline "Brings Awesomeness to Your Presentations". To the right are navigation links: "Create", "Tutorials", "Pricing", "4Edu", "Blog", "Sign up for free", and "Login". The main headline reads "CREATE ANIMATED VIDEOS AND PRESENTATIONS" in blue, followed by "It's free and it's awesome" in black. A large blue "Start Now" button with a right-pointing arrow is centered below the headline. Underneath, it says "Used By:" followed by logos for Starbucks, Cisco, Coca-Cola, and eBay, plus a plus sign and the text "over 8 million members around the world". A central image shows a group of people in an office setting with various animated video thumbnails overlaid, labeled "Product Demo", "Safety Guidelines", "Training", "We're Hiring", "HR", "Marketing", "Operations", and "Product". On the right side of this image is a circular badge with five stars at the top, the word "POWTOONS" in the middle, a row of ten blue boxes containing the numbers "2 3 4 6 4 1 4 8", and the word "CREATED" at the bottom. Below the central image, the text "CAPTIVATE... ENGAGE... EXPLAIN!" is displayed in blue, with "EXPLAIN!" in a larger font. Underneath this is the subtext "Amazing videos and presentations created with PowToon!". A horizontal navigation bar contains four tabs: "Website videos" (which is highlighted), "Product demos", "Explainer videos", and "Social clips". At the bottom, there are three video thumbnails with play buttons: the first shows two cartoon characters with the text "Wisco Fu", the second shows a woman in a business suit, and the third shows a green background with the text "With White Source" and the WhiteSource logo.

Your “Dashboard”, click on “create” to get started 😊

The screenshot shows the Powtoon dashboard. At the top left is the Powtoon logo with the tagline "Brings Awesomeness to Your Presentations". The top navigation bar includes "Create", "Dashboard" (highlighted in blue), "Pricing", "Tutorials", "Blog", and a user profile "yjtan". Below the navigation are two main service tiles: "studio" (Video & Presentation Awesomeness) and "slides" (Your Pro-Slideshow-To-Go). The main content area is titled "Dashboard" and includes a search bar for "Search Results". A sub-header reads: "Here you can manage your projects, create new ones, and see your account stats". A prominent grey banner contains the text "Create a new studio project" and "Make an Awesome Video or Presentation!", with a blue "CREATE" button circled in red. Below this is a project card for "Teacher Intro1" (modified 16.10.14) with "edit", "collaborate", and "export" options. On the right sidebar, a yellow box says "BEFORE YOU START REMEMBER: SCIENTIST'S TIPS". Below that are three steps: "STEP 1 Write Script", "STEP 2 Record Voiceover", and "STEP 3 Add Visuals", each with a play button. At the bottom of the sidebar are buttons for "GET VOICEOVER", "RESOURCES", "GET HELP", and "FEATURE REQUEST".

You can either start from scratch/use an existing template/ customize a ready-made powtoon

The screenshot displays the Powtoon Studio website interface. At the top, the Powtoon logo is on the left, followed by the tagline "Brings Awesomeness to Your Presentations". Navigation links for "Create", "Dashboard", "Pricing", "Tutorials", "Blog", and a user profile "yjtan" are on the right. The main heading is "studio Themes and Templates" with a sub-heading "Get inspired by our gallery, use an existing style or pick a new one and start". Below this, there are two tabs: "Start from scratch" and "Customize a Ready-Made Powtoon". On the left, a filter sidebar lists categories: "All", "Business", "Marketing & Sales", "Training", "Education", "Personal / Social / Fun", and "Events & Greeting Cards". A "Suggest a Template" section is also present. The main content area shows a grid of 12 template cards, each with a preview image, a title, and a "Go" button. The templates are: "Start From Scratch" (a white square with a plus sign), "Heroes at Work" (cartoon heroes), "Picto" (stick figures), "Soho" (people in a city), "Pixel" (pixel art style), "Marker" (hand-drawn style), "Don and Betty" (cartoon couple), "Infographic" (data visualization), and "Suitcase Blue Sky" (clouds).

We shall start with customizing an existing Powtoon

The screenshot shows the Powtoon Studio website interface. At the top, the logo 'Powtoon' is followed by the tagline 'Brings Awesomeness to Your Presentations'. Navigation links include 'Create', 'Dashboard' (highlighted), 'Pricing', 'Tutorials', 'Blog', and a user profile 'yjtan'. The main heading is 'studio Themes and Templates' with a sub-heading 'Get inspired by our gallery, use an existing style or pick a new one and start'. Below this, two tabs are visible: 'Start from scratch' and 'Customize a Ready-Made Powtoon', with the latter being circled in red. A left sidebar contains a 'Filter the results:' section with categories: 'All', 'Business', 'Marketing & Sales', 'Training', 'Education' (highlighted with a red arrow), 'Personal / Social / Fun', and 'Events & Greeting Cards'. Below the filters is a 'Suggest a Template' section with a text input field and a 'Submit' button. The main content area displays a grid of 12 template cards, each with a title and an 'Edit' button. The templates include: '3 WAYS to benefit from training' (Business), 'The ideal candidate' (Personal Resume), 'Interesting Data' (Compare & Contrast), 'School Rules' (Edu-Pro), 'YOUNG = PROFESSIONAL' (Student Resume), 'The #1 Candidate' (Get Hired!), 'Secret Report', 'Congratulations New Graduate!' (Graduation), 'Mission Impossible', '-08-Steps' (Edu-Pro), 'Teacher introduction', and 'Mission Mars'.

Let's try customizing a simple "Teacher's Introduction" Powtoon.
Click on the "Teacher Intro" Powtoon to preview it and click
"Edit" to start customizing it!

The image shows a screenshot of the Powtoon website interface. At the top left, there is a blue "Submit" button. Below it is a grid of nine Powtoon templates. The "Teacher Intro" template is highlighted with a red circle. Below the grid is a large preview window for the "Teacher Intro" template. The preview window shows a blue background with various school-related icons (books, pencils, a laptop, a clock, a thumbs up) and the text "I'm about to put the excitement back into education!". A play button is in the center. Below the preview is a video player with a progress bar showing 1:03. To the right of the preview is a text area with the text "Teacher Intro" and "It's Back to School!! And now you can introduce yourself to your students with this brand new EDU template!". An "Edit" button is circled in red at the bottom right of the preview window. Below the preview window is another grid of nine Powtoon templates, including "School Syllabus", "Your Product Video", "Book Report", "Tell Your Story", "05 Facts", and "Top Secret".

Top Secret Edit

After clicking “edit”, you will be brought to the Powtoon editor. There is a simple 3 step instruction to guide you, once you are ready just click on “Got It!”

The screenshot shows the Powtoon editor interface. At the top, there is a header with the Powtoon logo, a search bar, and a 'SAVE' button. On the right side of the header, there is a toggle switch for 'SIMPLE mode' and 'CUSTOMIZE mode'. The main workspace is a large light blue canvas with a cartoon character and the text 'Hello! My name is (Your Name)'. On the left side, there is a vertical list of six slides, with the first slide selected. Below the slides, there is a play button icon. On the right side, there is a vertical toolbar with icons for Library, Text, Background, Shapes, Image, Sound, Video, Canvas, and Help. Three numbered instructions are overlaid on the interface: 1. A play button icon with the text 'Start by playing your PowToon to see how it looks'. 2. A 'Click to edit object' button with icons for 'Letters', a character, and two 'T' text icons. 3. A red arrow pointing to a green 'Got It!' button with a right arrow. A text box next to the red arrow says: 'You're in 'Simple Mode' which means you can customize props and texts in a click. For further customization abilities, slide the button to 'Customize Mode'.'

1 Start by playing your PowToon to see how it looks

2 Next, click on each icon to preview & edit it

3 You're in 'Simple Mode' which means you can customize props and texts in a click. For further customization abilities, slide the button to 'Customize Mode'.

Got It! >>

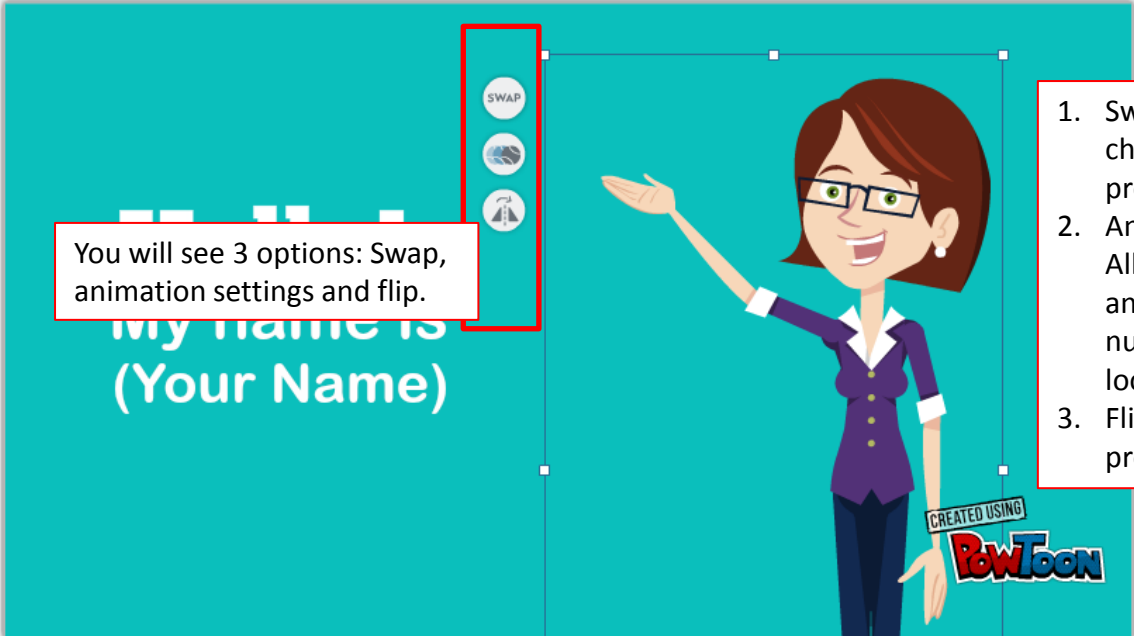

In “simple mode”, you can only edit the text and props. For more customizing features, try the “customize mode”.

The image shows the Powtoon software interface with several red callout boxes providing instructions:

- Give your project a name**: Points to the "Untitled Powtoon" text field in the top navigation bar.
- Remember to save your work!**: Points to the "SAVE" button in the top navigation bar.
- Choose your editing mode here**: Points to the "SIMPLE mode" and "CUSTOMIZE mode" toggle switch in the top right.
- Your slides where each slide is animated**: Points to the slide thumbnail list on the left side of the interface.
- Your toolbar is only accessible in “customize mode”**: Points to the vertical toolbar on the right side of the interface.
- Play button to preview your powtoon, or on your keyboard use the “spacebar” to play**: Points to the play button in the bottom left corner.
- Click these icons to select which object in the slide to edit**: Points to the "Letters" and text editing icons at the bottom center.

The main workspace displays a slide with a teal background and a cartoon woman character. The text on the slide reads: "Hello! My name is (Your Name)".

The Basics: Let's start by editing the character. Click on the character in the slide or the icon below.

The image shows a presentation slide editor interface. The main slide has a teal background with the text "My name is (Your Name)" in white. A cartoon character of a woman with brown hair, glasses, and a purple blazer is on the right side of the slide. A red box highlights a vertical menu of three icons: a circle with "SWAP", a circle with a play button, and a circle with a flip icon. A text box on the left says "You will see 3 options: Swap, animation settings and flip." A text box on the right lists three options: 1. Swap: Allows you to change the prop/character; 2. Animation settings: Allows you to set the animation to static, play X number of times or to loop continuously; 3. Flip: Mirrors the prop/character. At the bottom, there is a toolbar with a character icon circled in red, followed by "Letters", "T", and "T" buttons. Below the toolbar is the text "Click to edit object".

You will see 3 options: Swap, animation settings and flip.

1. Swap: Allows you to change the prop/character
2. Animation settings: Allows you to set the animation to static, play X number of times or to loop continuously
3. Flip: Mirrors the prop/character

Letters T T

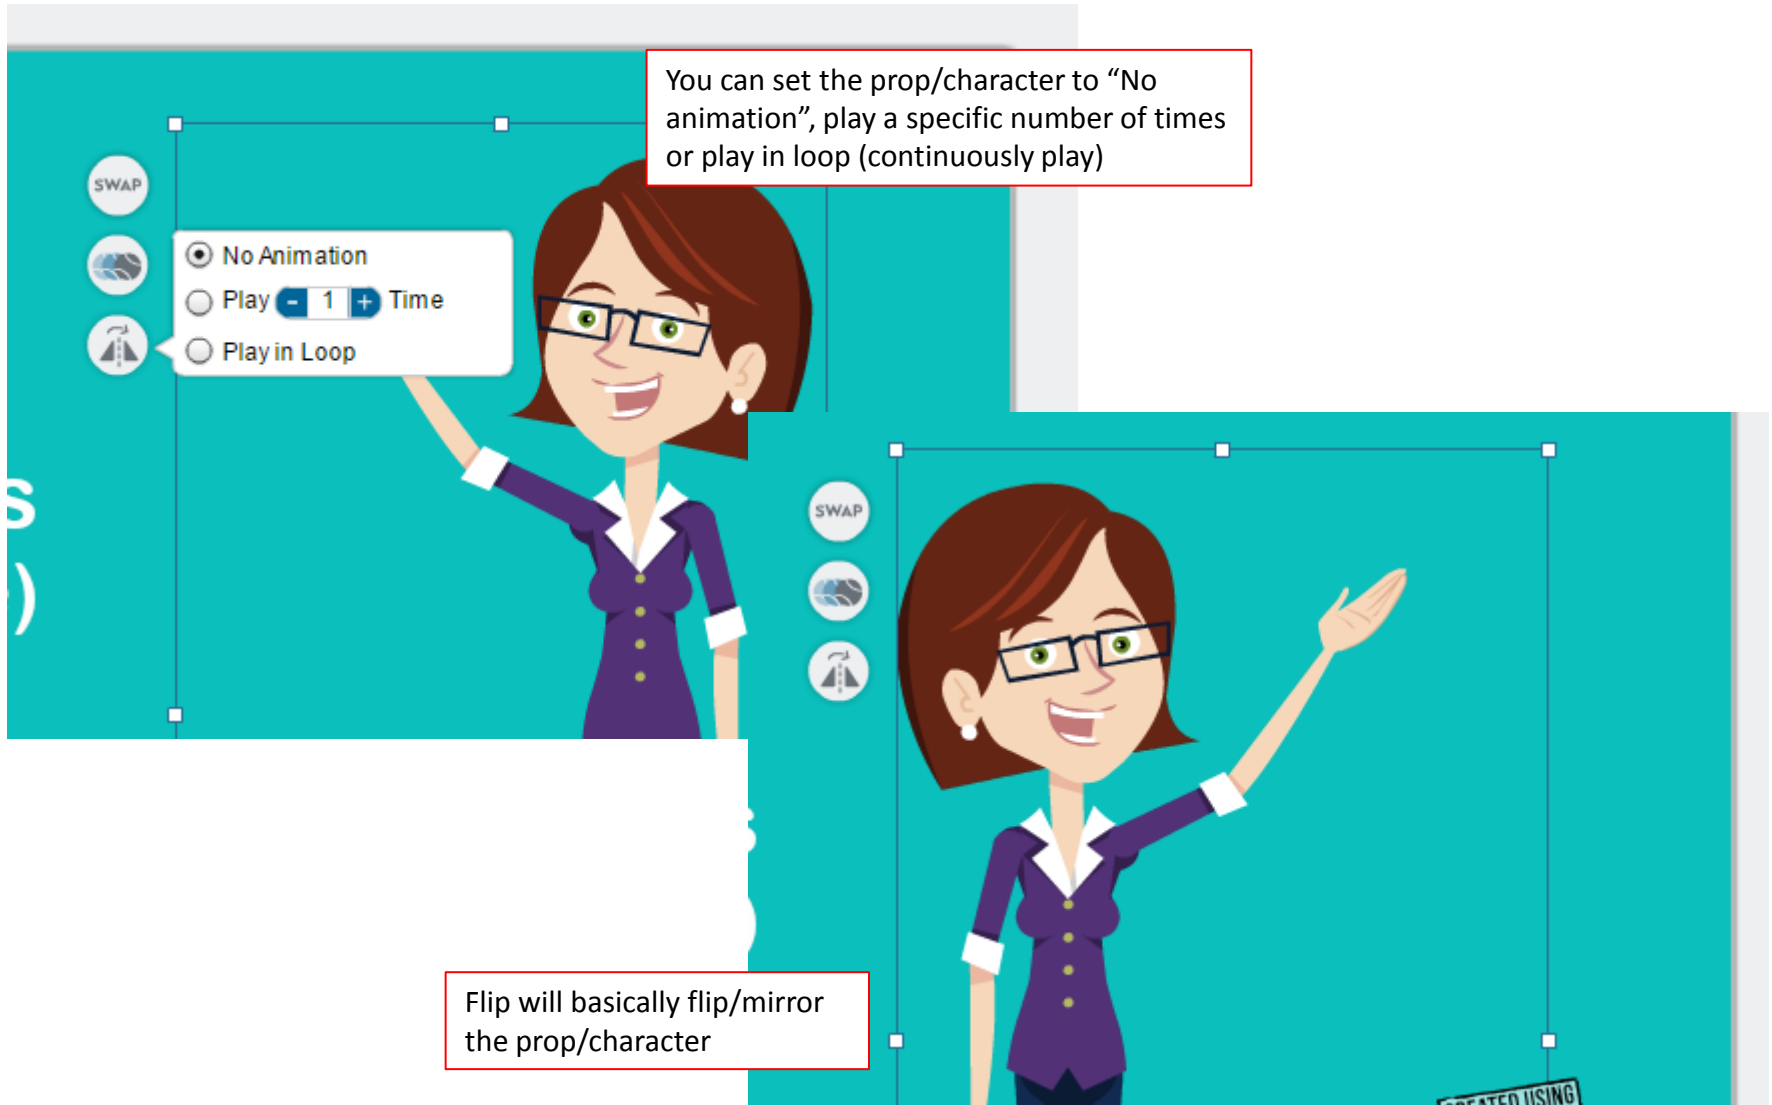

Click to edit object

The Basics: Swap

Click on the “swap” icon and it will ask you to choose a character or prop from the library on the right to replace the current one. However, for free accounts there is a limit to the characters you can choose. So let’s stick to this character for now.

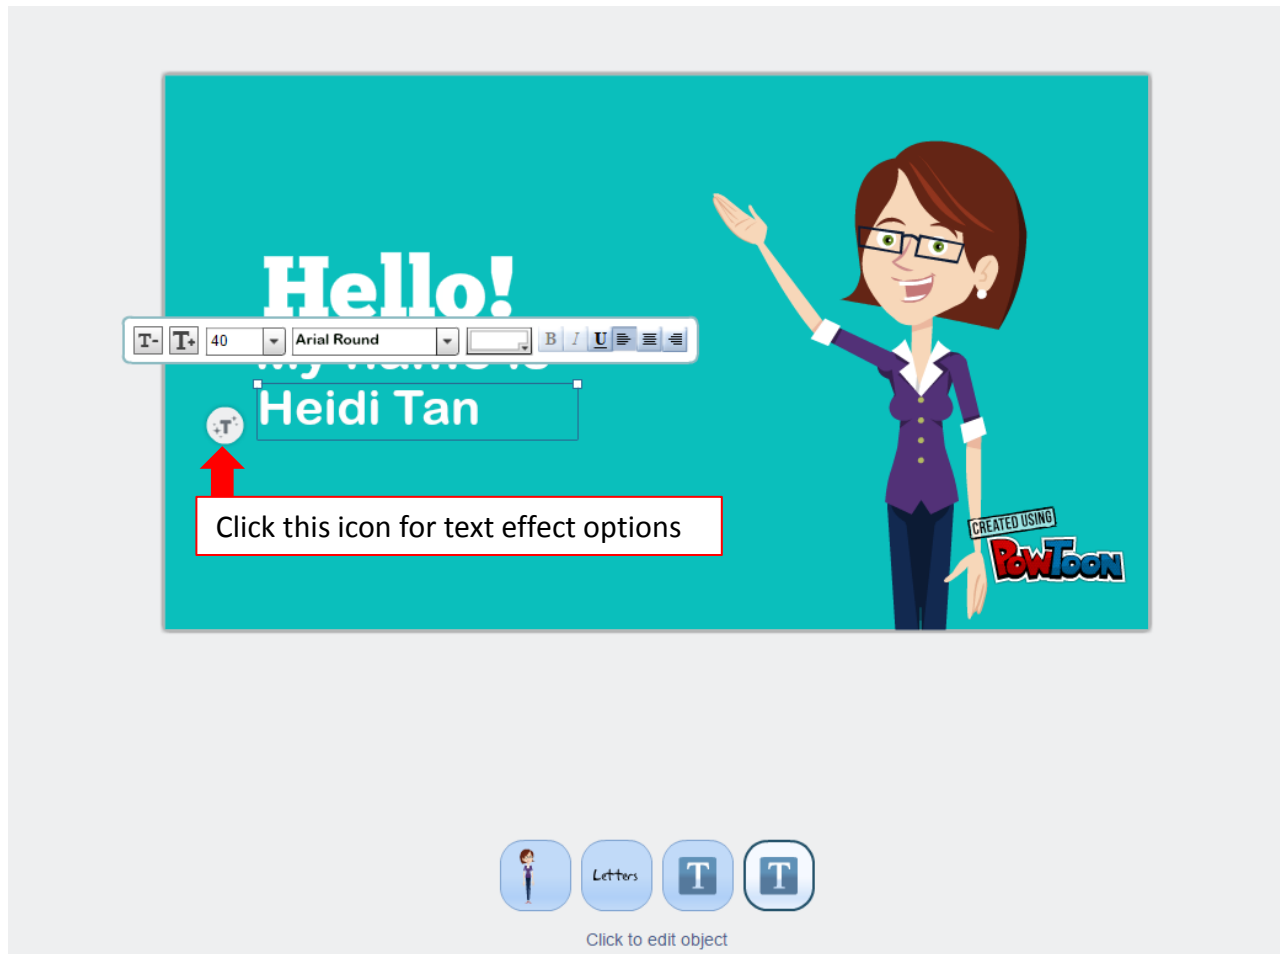

The screenshot displays the Powtoon software interface. On the left, a dark green canvas features a cartoon character with glasses and a purple top, pointing towards the text "Hello! My name is (Your Name)". A white rectangular box highlights the character, and a white arrow points from the text "Please choose a character or prop from the library to replace this one" to the character. Below the canvas, there are three circular icons: a character icon, a "Letters" button, and two "T" icons. A "Click to edit object" label is positioned below these icons. On the right, a vertical library panel is open, showing a search bar and a list of categories: "Animated Characters", "Graphs", and "Props". The "Animated Characters" section is currently selected, displaying a grid of character icons with labels: "Hello", "Happy", "Idea", "Typing", "Sad", "Angry", and "Thinking". A "more" button is located below the grid. The "Graphs" section shows four donut charts, and the "Props" section shows a lightbulb and a diamond icon. At the bottom of the library panel, there is a "PREMIUM" badge, an "upgrade now" button, and a help icon.

The Basics: Animation Settings & Flip

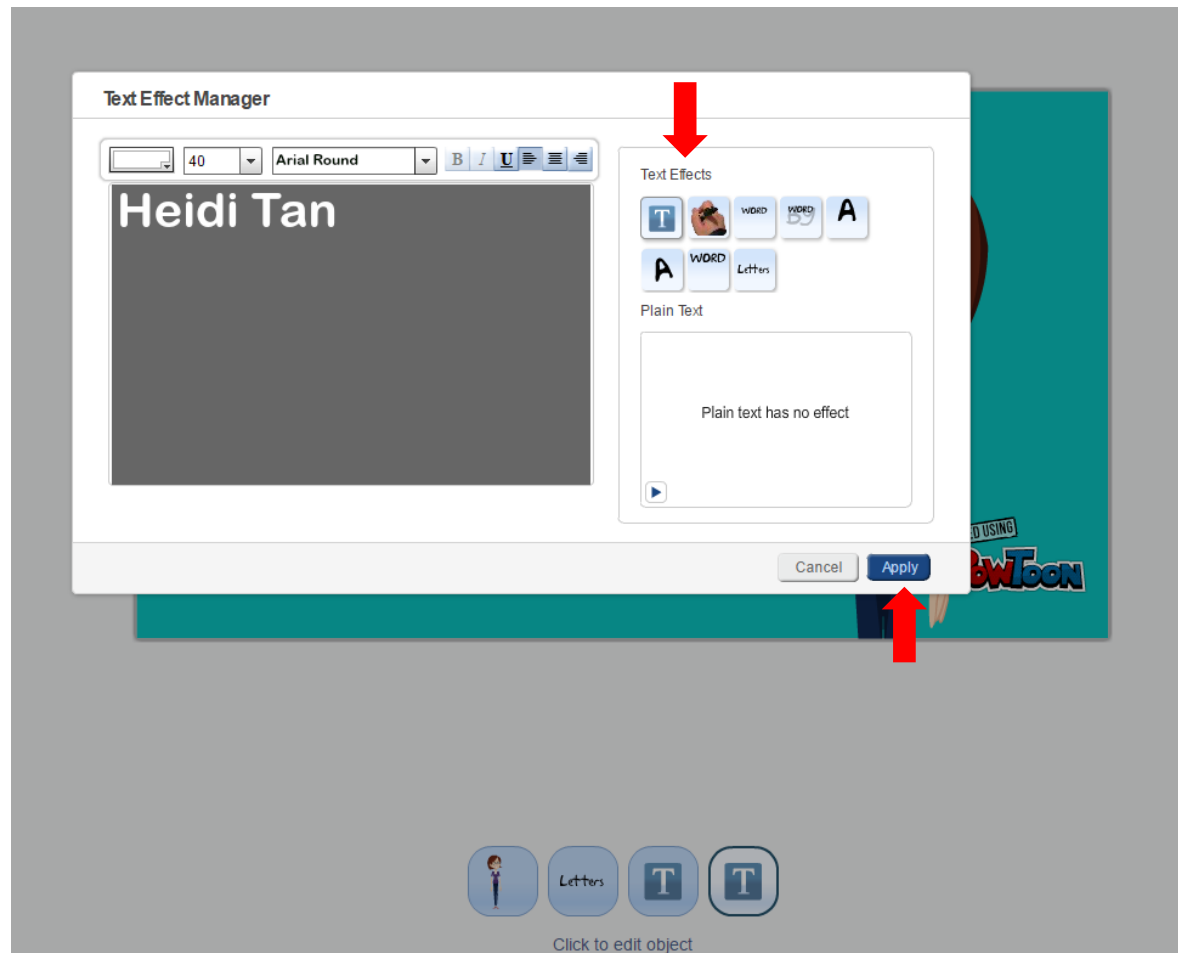

The Basics: Editing text

Double click on the text to edit it. The basic text editor bar will automatically appear for you to adjust the font size, type, colour etc.

The Basics: Text effect manager

Opening the text effect manager allows you to add interesting text effects to your text. See the panel on the right for choice of effects, it will also show you a preview of what the effect does. Click “apply” once you are happy with the effect you have chosen.

The Basics: Transitions

You can also add transitions between slides just like in PowerPoint

The screenshot displays the Powtoon software interface. On the left, a vertical slide thumbnail list shows six slides. A red arrow points to a plus sign icon between the first and second slides. A text box next to it says: "Click this '+' icon to open the transition effects panel".

The main area shows a transition effects panel with a grid of options categorized into BASIC, BUSINESS, STYLIZED, and CAMERA. A red arrow points to the BASIC category, which includes options like Fade, Zoom Out, and Zoom In. A text box next to it says: "Choose from the list of transition effects to edit how the animation will move from slide to slide".

The right side of the interface shows a slide with a teal background. It features a cartoon character of a woman with glasses and a purple blazer. The text on the slide reads: "Hello! My name is Heidi Tan". A small logo in the bottom right corner of the slide says "CREATED USING POWTOON".

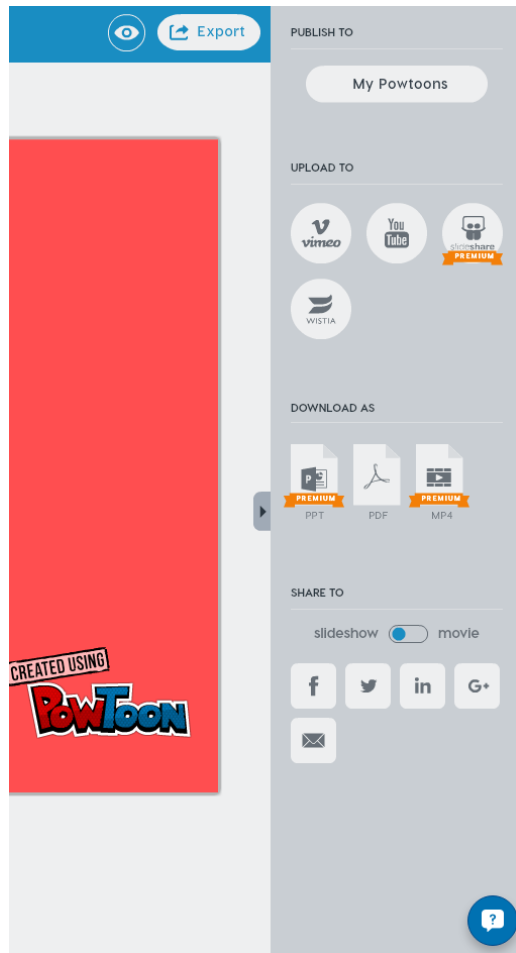

At the bottom of the interface, there are navigation icons for a play button, a next slide button, and a "Click to edit object" button.

The Basics: preview and export

Once you are done, you can preview your Powtoon and proceed to export it

The screenshot displays the Powtoon software interface. At the top, a blue navigation bar contains the 'Powtoon' logo, a search bar with the text 'introduction', a 'SAVE' button, and navigation arrows. On the right side of this bar are an eye icon labeled 'Preview button', an 'Export' button, and options for 'SIMPLE mode' and 'CUSTOMIZE mode'. Below the navigation bar, the main workspace shows a red slide with the text 'So let's get started!' and a cartoon character of a woman with glasses. A 'Preview button' (eye icon) and an 'Export button' (arrow icon) are highlighted with red boxes and arrows. The left sidebar shows a list of slide thumbnails numbered 6 through 10. The right sidebar contains various editing tools like 'Library', 'Text', 'Background', 'Shapes', 'Image', 'Sound', 'Video', and 'Canvas'. At the bottom, there are playback controls (play, next) and a 'Click to edit object' prompt.

The Basics: Export options

You can publish your project to “My Powtoons”

Upload to Vimeo, Youtube

Or download as a PDF document

Unfortunately you cannot download it as a video file (mp4) unless you have a premium account.

All free accounts have the Powtoon watermark even if you upload it to Vimeo or Youtube.

Publish to “My Powtoons”

Fill in the details, free accounts by default will be listed as “public”

For free accounts, there isn't much option in terms of watermark and quality 😞

After exporting, you should see this:

The screenshot displays the PowToon web interface. At the top, a yellow navigation bar contains the PowToon logo and the tagline "Brings Awesomeness to Your Presentations", along with links for "Create", "Dashboard", "Pricing", "Tutorials", "Blog", and "yjtan". Below this is a grey notification banner with a green checkmark icon, stating: "Congratulations! Your video, has been successfully published, and is ready to share with the world! Don't forget to share your awesome creation!".

The main content area features a video player for a video titled "introduction video" by user "studio BETA". The video thumbnail shows a cartoon woman with glasses and a purple shirt, with the word "Hello!" in large white letters on a teal background. A "Like" button is visible to the right of the video title. Above the video player is an "EDIT POWTOON" button. Below the video player, there are controls for "slideshow" and "movie" modes, with a red arrow pointing to the "movie" mode and a text box that says "Choose between slideshow mode or movie mode".

Below the video player, there are social sharing options under the heading "SHARE THE AWESOMENESS", including icons for Facebook, Google+, Email, and a menu icon. There are also icons for "vimeo", "YouTube", "WISTIA", "HD SOURCE", and "EMBED VIDEO". A "PERSONAL / SOCIAL / FUN" dropdown menu is set to "abc". A disclaimer at the bottom right states: "* PowToon is not liable for any 3rd party content used. It is the responsibility of each user to comply with 3rd party copyright laws." At the bottom of the page, it says "Be the first to comment." and there is a text input field with the placeholder "Start the discussion...".

View all your previous projects through your “Dashboard”

The screenshot displays the Powtoon dashboard. At the top left is the Powtoon logo with the tagline "Brings Awesomeness to Your Presentations". The top navigation bar includes "Create", "Dashboard" (highlighted with a red arrow), "Pricing", "Tutorials", "Blog", and a user profile "yjtan". Below the navigation are two main service boxes: "studio Video & Presentation Awesomeness" and "slides Your Pro-Slideshow-To-Go". The main heading is "Dashboard" with a search bar labeled "Search Results". A sub-heading reads: "Here you can manage your projects, create new ones, and see your account stats". A prominent grey box encourages creating a new studio project with a "CREATE" button. Below this is a list of projects. The first project, "introduction video", is highlighted with a red arrow pointing to its play button. It shows a modification date of "29.03.16" and is marked as "auto saved". Action buttons for "edit", "collaborate", "view", and "re-export" are visible. The second project is "Teacher Intro1", modified on "16.10.14", with "edit", "collaborate", and "export" buttons. On the right side, there is a yellow "SCIENTIST'S TIPS" section with the text "BEFORE YOU START REMEMBER:". Below it are three steps: "STEP 1 Write Script", "STEP 2 Record Voiceover", and "STEP 3 Add Visuals", each with a play button. At the bottom right, there are buttons for "GET VOICEOVER", "RESOURCES", "GET HELP", and "FEATURE REQUEST".

Creating a Powtoon from scratch

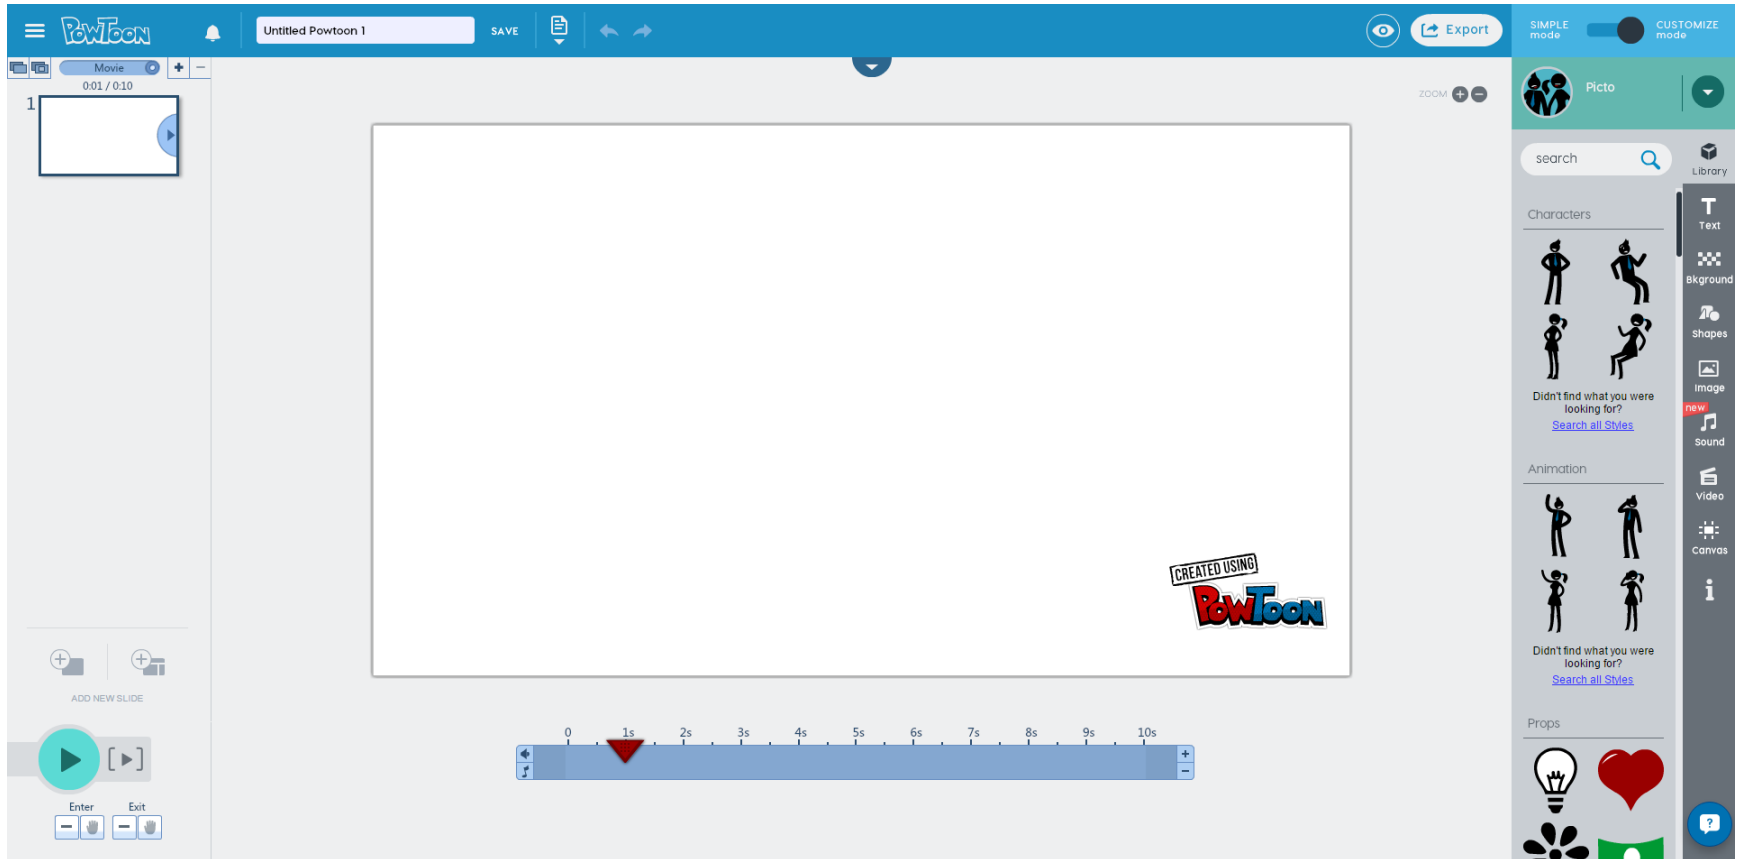

Note: Powtoon offers a simple tutorial for you to follow to learn the basics of creating a powtoon from scratch. I will replicate that here 😊

The image consists of two screenshots from the Powtoon website. The left screenshot shows the 'Dashboard' page. At the top, there is a navigation bar with 'Create', 'Dashboard', 'Pricing', 'Tutorials', 'Blog', and 'yjtan'. Below the navigation bar, there are two main sections: 'studio' (Video & Presentation Awesomeness) and 'slides' (Your Pro-Slideshow-To-Go). The 'studio' section has a search bar and a 'CREATE' button circled in red. Below this, there is a card for 'Teacher Intro1' with 'edit', 'collaborate', and 'export' options. The right screenshot shows the 'Themes and Templates' page. It has the same navigation bar. Below the navigation bar, there is a search bar and a 'CREATE' button. The main content area is titled 'Themes and Templates' and has two tabs: 'Start from scratch' and 'Customize a Ready-Made Powtoon'. The 'Start from scratch' tab is selected, and the 'Start From Scratch' option is circled in red. Below this, there is a list of templates including 'Heroes at Work', 'Picto', 'Soho', 'Pixel', 'Marker', 'Don and Betty', 'Infographic', and 'Suitcase Blue Sky'.

From your Dashboard, click on “create”

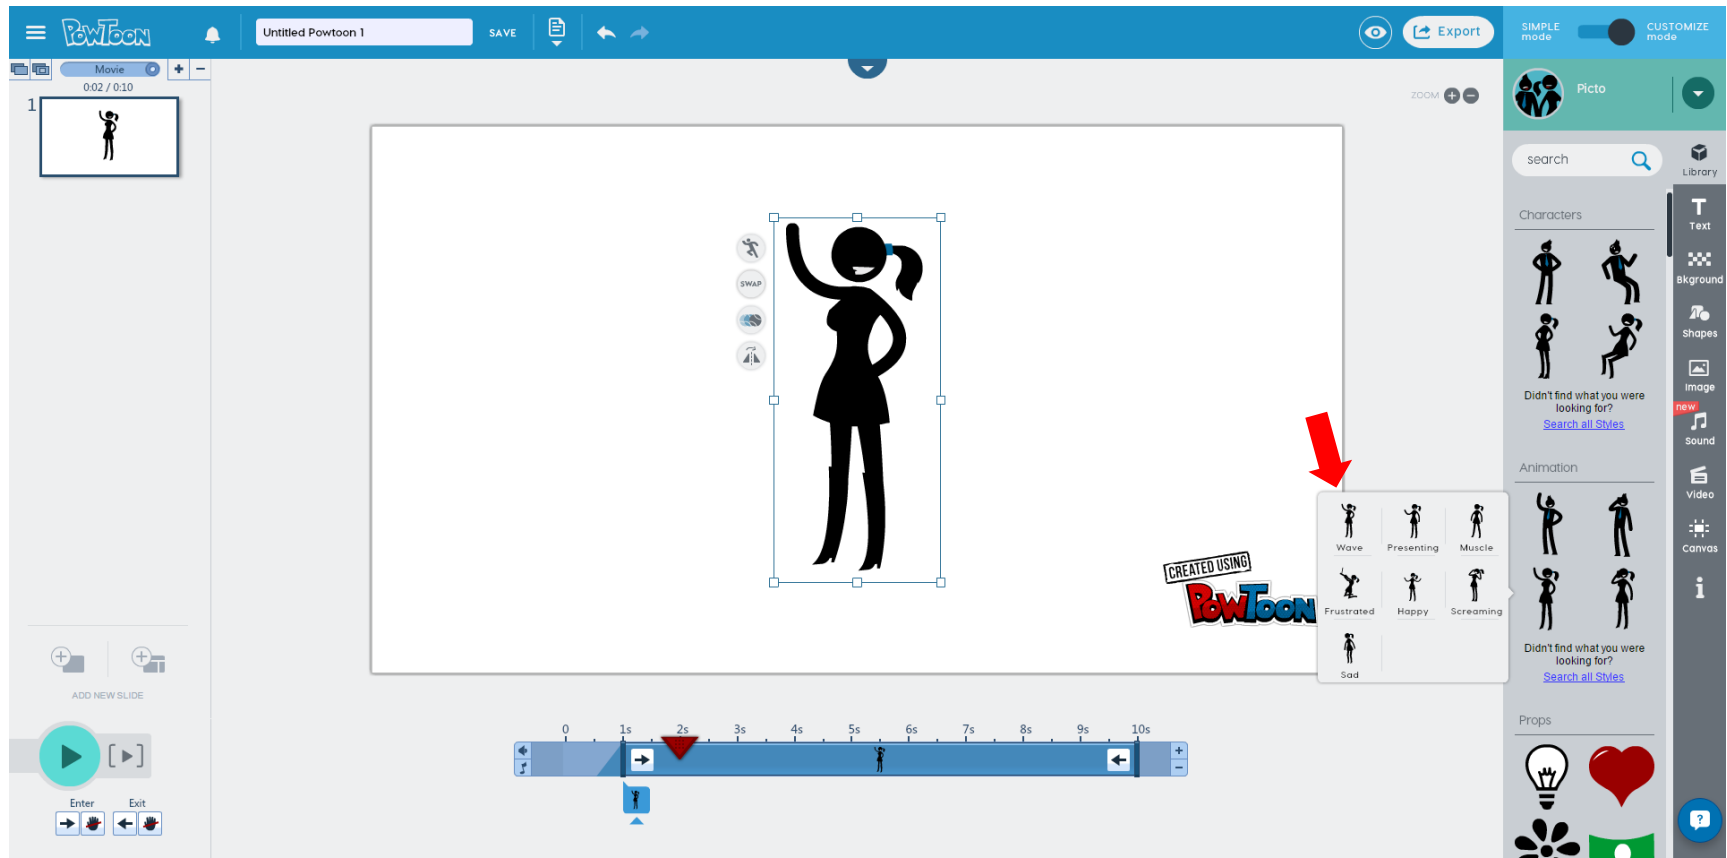

Select “start from scratch” and click “go”

You will be brought to the Powtoon editor with a blank slide

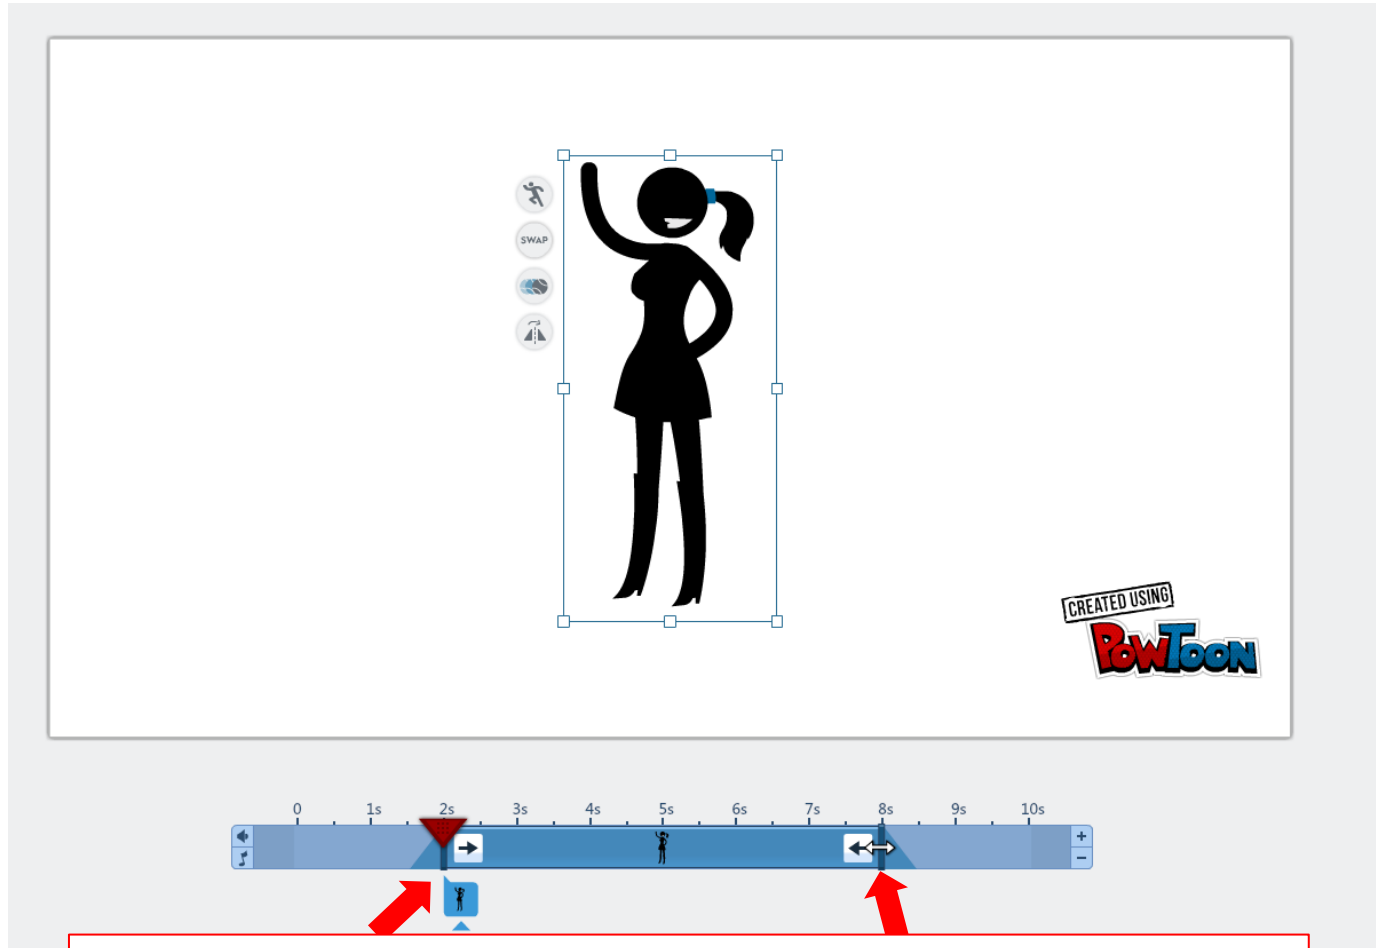

Step 1: Choose a prop/character

Select an animated character from the library. Clicking on the character will automatically place it in your slide

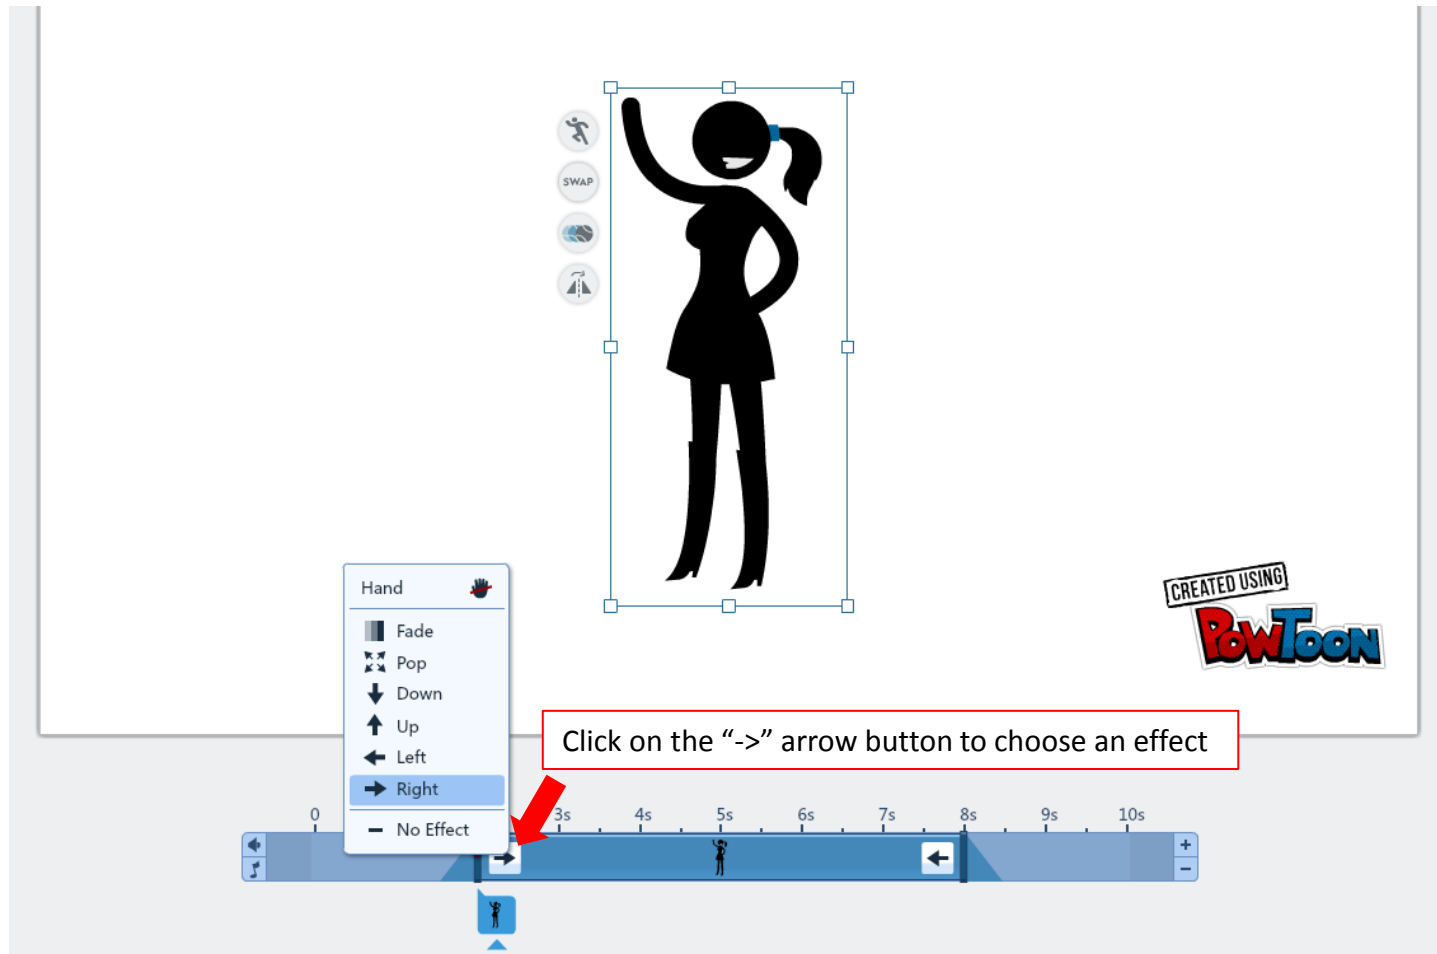

Step 2: Deciding when the character appears and disappears
Make sure the character is selected. A timeline is located at the bottom of the slide. Drag the beginning and ending to set the time your character appears and disappears from the slide.

In this example, I've dragged the starting point to 2s and the ending to 8s. So my character will appear after 2s and disappear after 8s. 😊

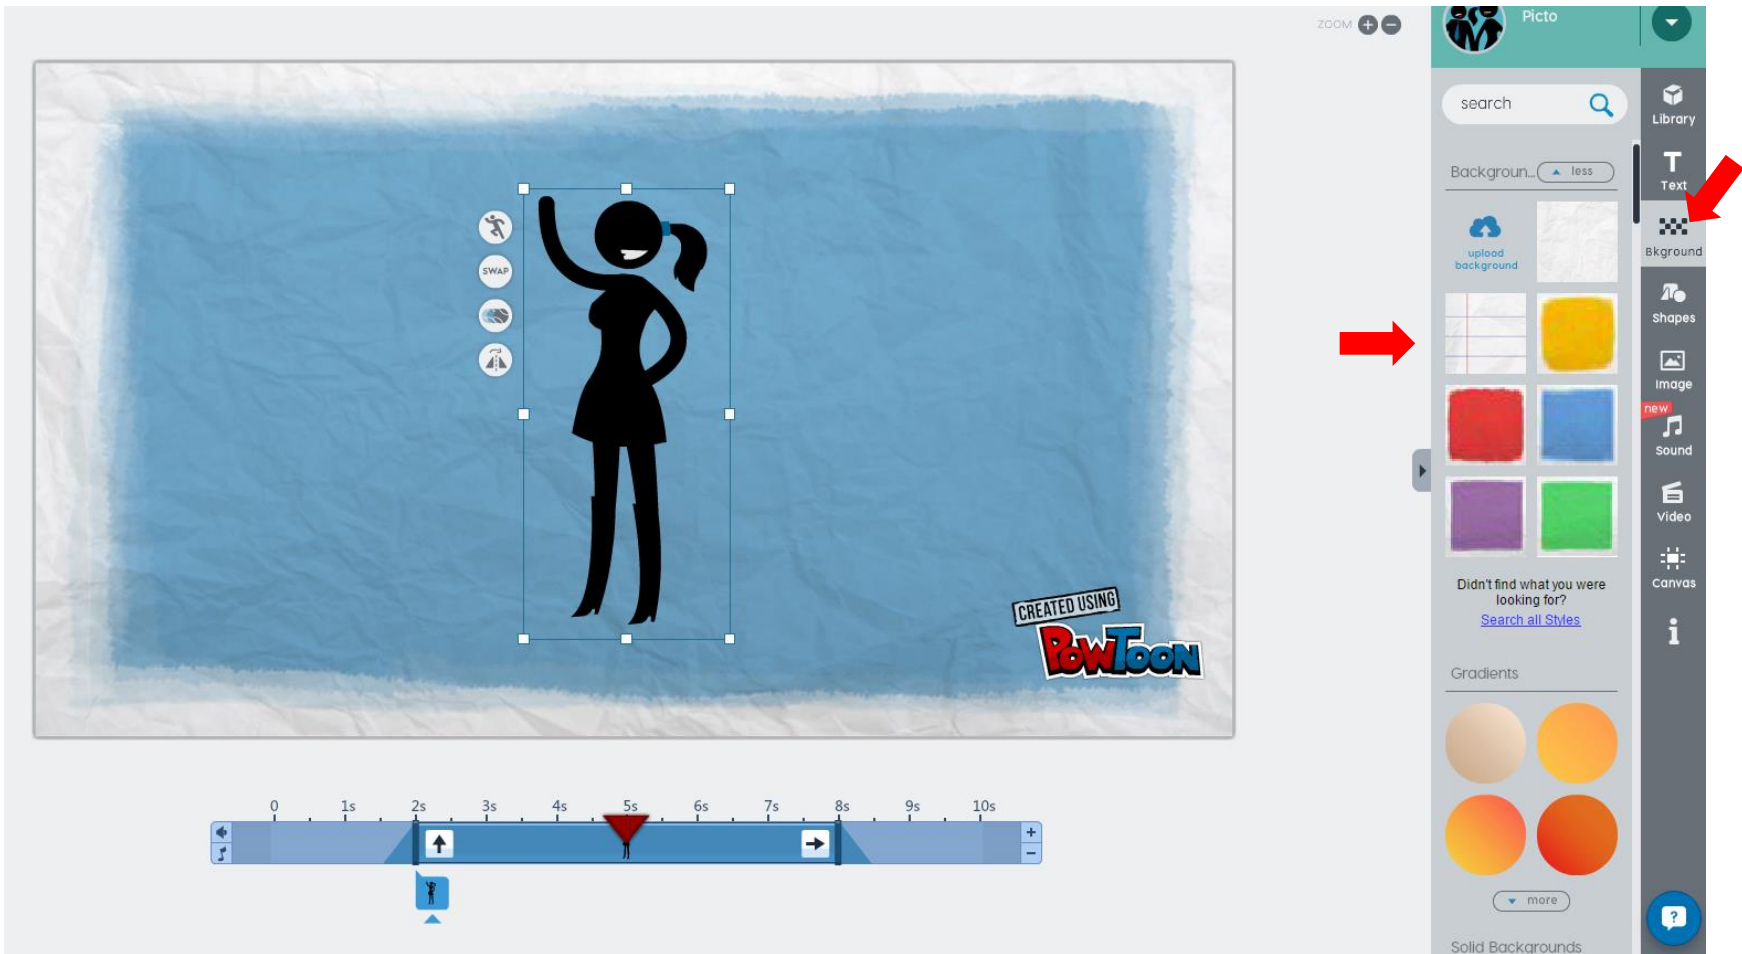

Step 3: Set how the character will appear.

You can set a hand effect, fade in, pop or choose a direction for the character to enter the slide

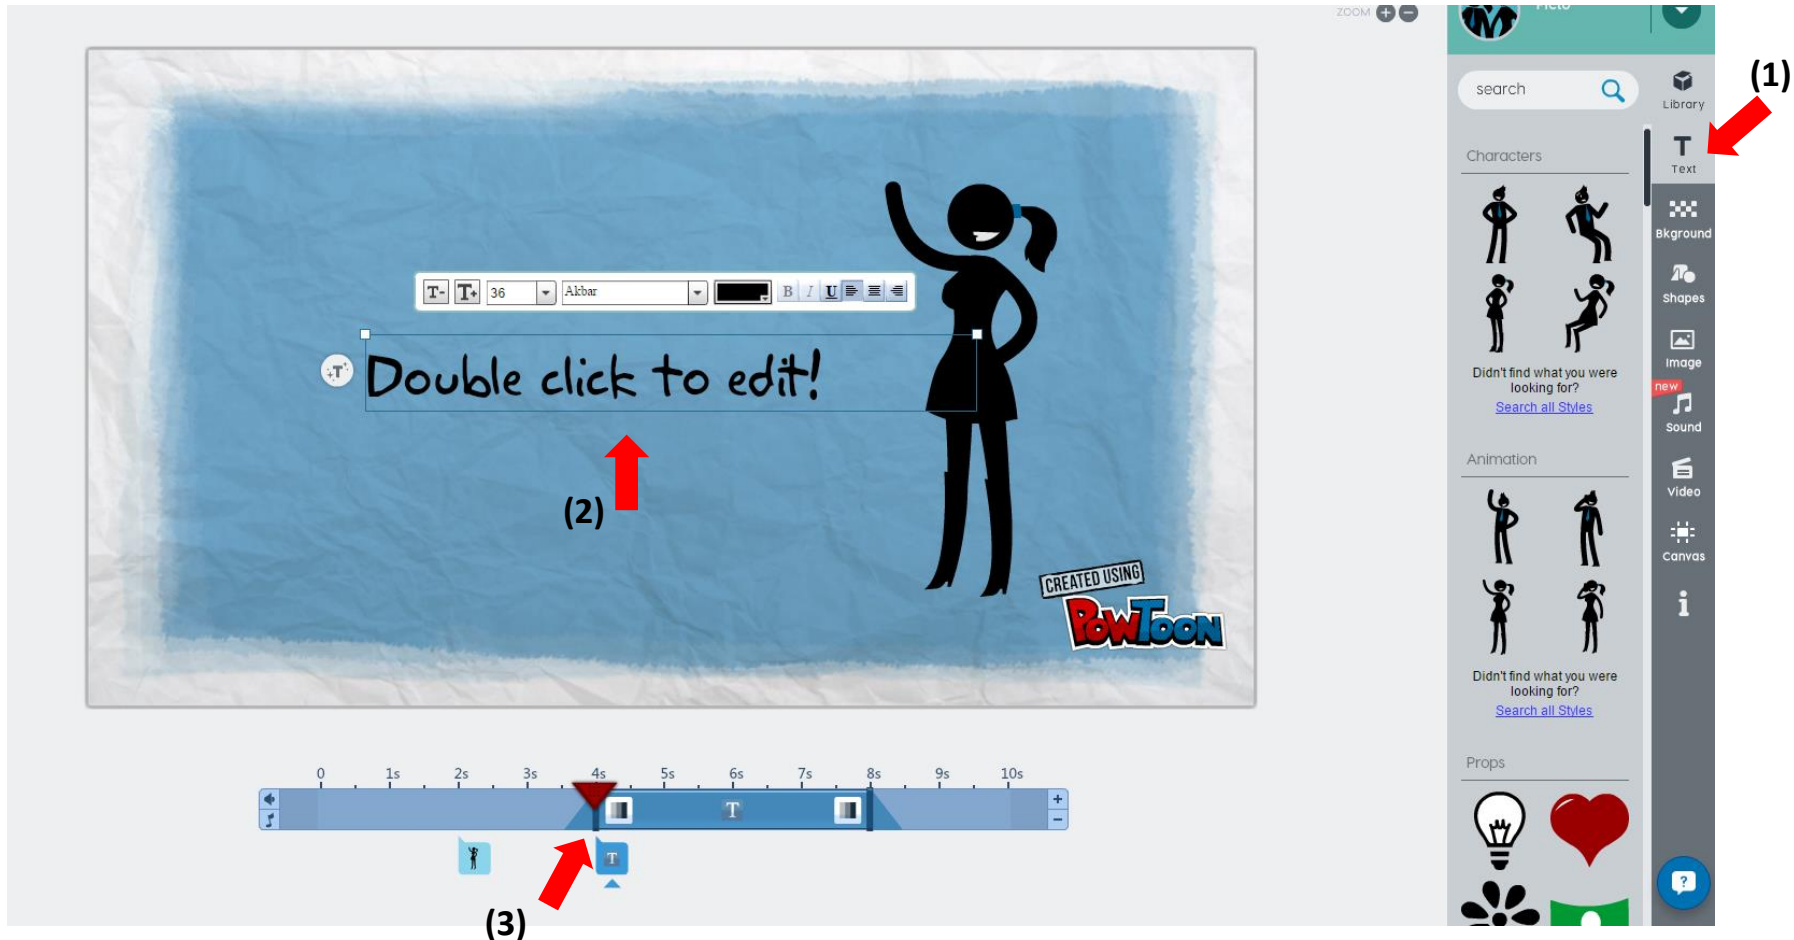

The screenshot displays the Powtoon software interface. At the top center, a black silhouette of a woman with a ponytail is shown within a blue rectangular frame, indicating it is selected for editing. To the left of the character are four circular icons: a hand, a swap icon, a globe, and a hand with a red palm. Below the character is a blue timeline with markers at 0, 3s, 4s, 5s, 6s, 7s, 8s, 9s, and 10s. A red arrow points to the right arrow button on the timeline. A dropdown menu is open, showing options: Hand (with a hand icon), Fade, Pop, Down, Up, Left, Right (highlighted in blue), and No Effect. A red box highlights the right arrow button on the timeline with the text "Click on the '->' arrow button to choose an effect". In the bottom right corner, there is a logo that says "CREATED USING PowTOON".

Step 4: Add a background image or colour
Choose a background from the “Bkgground” option
You can also upload your own backgrounds

Step 5: Add text

1. Click on “Text” and a text box will automatically appear in your slide
2. Double click to edit
3. Adjust the timeline to set when the text will appear and how (effect)

Step 6: You can also add props from the library. As with the character and text, use the timeline to adjust when the prop should appear and what effect it should have

Step 7: Click on the play button to preview your work
Once you are done, you can add more slides until you are ready to export

The screenshot shows the Powtoon software interface. At the top, there is a blue header with the Powtoon logo, a 'SAVE' button, and an 'Export' button. Below the header, the main workspace displays a slide with a blue background, the text 'Hello! Hope you are well!', a red heart, and a black silhouette of a woman waving. A red arrow points to the 'SAVE' button with the text 'Remember to save your work!'. In the bottom-left corner, there is a 'Play' button (a green circle with a white play icon) and a smaller 'Play' button (a square with a white play icon). A red circle highlights the 'Play' button, and a red arrow points to it with the text 'Click here to add new slide'. Another red arrow points to the 'Play' button with the text 'Click the smaller play button to play the slide from the beginning. The round play button will play from where the red arrow is.' At the bottom, a timeline shows a red arrow pointing to a specific timestamp (6s) with the text 'You can slide this red arrow up and down the timeline to view the animation at specific timestamps'. The right side of the interface features a 'Picto' library with various icons for text, shapes, images, and sounds.

Remember to save your work!

Click here to add new slide

You can slide this red arrow up and down the timeline to view the animation at specific timestamps

Click the smaller play button to play the slide from the beginning. The round play button will play from where the red arrow is.

Step 8: Adding sound

You can add music or voice overs to your Powtoon
Be sure to “save” your project after clicking “apply”!

The screenshot shows the Powtoon Sound Manager interface. The 'Sound Manager' window is open, displaying options for 'Voice Over' and 'Music Track'. The 'Music Track' section includes a list of songs with columns for Genre, Title, Duration, Artist, and License. The 'Jingle Bellin' song is highlighted, and a red arrow labeled (3) points to the 'Add' button next to it. The 'Apply' button at the bottom of the window is also highlighted with a red arrow labeled (1). On the right side of the interface, a vertical toolbar contains icons for 'sound track', 'professional voiceover', 'voiceover track', and 'voiceover per slide'. A red arrow labeled (2) points to the 'sound track' icon. At the bottom of the toolbar, a 'Sound' icon with a 'new' badge is highlighted with a red arrow labeled (1). The background shows a slide with a blue and white abstract design and a 'CREATED USING POWTOON' logo. A timeline at the bottom indicates a duration of 10 seconds, with a red triangle marker at the 6-second mark.

Genre	Title	Duration	Artist	License	Action
All	God Rest Ye Merry Gentlemen	02:53	Christmas The Tune Peddler	Business	Upgrade
All	White Ground	02:35	Christmas The Tune Peddler	Business	Upgrade
All	Jingle Bellin	00:45	Christmas The Tune Peddler	Free	Add
All	Deck The Halls	01:06	Christmas The Tune Peddler	Business	Upgrade
All	Speak of the Devil	02:58	Dramatic The Tune Peddler	Professional	Upgrade
All	Not the End Yet	01:19	Dramatic The Tune Peddler	Business	Upgrade
All

Andddd done! 😊

Remember to save and export to “My Powtoons”

The screenshot displays the Powtoon software interface. At the top, the title bar shows "Untitled Powtoon 1" and "Export" options. The main workspace features a central slide with a blue, crumpled paper background. The slide contains the text "Hello! Hope you are well!" in white, a red heart, and a black silhouette of a woman waving. A "CREATED USING Powtoon" logo is visible in the bottom right corner of the slide. The left sidebar includes a slide thumbnail and "ADD NEW SLIDE" options. The bottom of the interface shows a timeline with a play button and a red triangle marker at the 6-second mark. The right sidebar contains various editing tools like "sound track", "professional voiceover", "voiceover track", "voiceover per slide", "RECORD", "UPLOAD", "Library", "Text", "Background", "Shapes", "Image", "Sound", "Video", and "Canvas".

Powtoon Slides

Powtoon slides allows you to create creative slideshows

The image shows a screenshot of the Powtoon website dashboard. At the top left is the Powtoon logo with the tagline "Brings Awesomeness to Your Presentations". The top navigation bar includes "Create", "Dashboard" (highlighted in blue), "Pricing", "Tutorials", "Blog", and a user profile "yjtan". Below the navigation is a horizontal menu with "studio" (Video & Presentation Awesomeness) and "slides" (Your Pro-Slideshow-To-Go), where the "slides" logo is circled in red. The main content area is titled "Dashboard" and includes a search bar for "Search Results". Below this is a grey banner with a pencil icon, the text "Create a new slides project" and "Create a new awesome slide. It's fun!", and a red "CREATE" button, which is also circled in red. On the right side, there is a yellow "SCIENTIST'S TIPS" section with the text "BEFORE YOU START REMEMBER:". Below this is a vertical list of steps: "STEP 1 Write Script", "STEP 2 Record Voiceover", and "STEP 3 Add Visuals", each with a play button icon. At the bottom right, there are buttons for "GET VOICEOVER", "RESOURCES", "GET HELP", and "FEATURE REQUEST".

You will be brought to the Powtoon Slides editor

Add new slides by selecting a layout for your slide. This is kinda like Powerpoint but each slide is also animated!

Give it a try! 😊

The image shows a screenshot of the Powtoon Slides BETA web application interface. The interface is divided into several sections:

- Top Bar:** Features the "Powtoon slides BETA" logo on the left and a "Need more customisation? Edit in Powtoon Studio" link on the right. The word "studio" is also visible in the top right corner.
- Left Sidebar:** Contains a "Remember to save your work!" callout box pointing to a save icon. Below it are thumbnails for "Describe a process" and "CALL TO ACTION" slides, and a large white button with a plus sign.
- Main Canvas:** Displays a slide with a dark purple background. It features a photo of a kitten, a speech bubble containing the text "Cool slides! Try it out yourself", and decorative icons of glasses, a mustache, and a drink. A "Preview your presentation" callout box points to a preview icon in the top right of the canvas.
- Bottom Bar:** Includes a play button on the left and a help icon (question mark) on the right.
- Export Callout:** A red-bordered box at the top right says "Export your presentation" with an arrow pointing to an export icon in the top right of the interface.
